

TO: Students and Parents  
FROM: Christopher M. Kandus, Director  
The Office of Campus Life  
RE: **ACTIVATE YOUR PERSONAL IN-ROOM SAFES**

Babson College takes safety and security seriously. In order to provide the absolute best in residence hall security, Babson College has partnered with SafeDecisions to provide every student living on campus with the opportunity to utilize a personal in-room safe.

SafeDecisions uses the most state-of-the-art electronic safes available. They're small enough to fit inconspicuously on your closet floor and large enough to hold any of your valuables – from your laptop to your CDs to your purse. You will use a private PIN code to open and close the safe, meaning you'll never have to worry about losing a key. And we'll have them installed in your room, ready to use, before you arrive.

We've also made special arrangements to allow each student to lease their safe for the entire school year for only \$139.95. It's a small price to pay to keep your most valuable property safe.

To activate your personal residence hall safe:

- Visit [www.SafeDec.com](http://www.SafeDec.com)
- Call 1.800.SAFE.DEC (1.800.723.3332)
- Or fill out the form on the back of the attached flyer and mail it to  
SafeDecisions  
2855 N. Speer Blvd.,  
Suite C  
Denver, CO 80211

These are the only in-room safes Babson College endorses. We know you'll appreciate the added security and peace of mind they can offer and hope that each student will take advantage of this great program.

Sincerely,

Christopher M. Kandus, Director  
Office of Campus Life

**An in-room electronic safe from SafeDecisions keeps you from losing your most important stuff — so you don't lose your mind.** Whether it's an MP3 player or a term paper, you'll be able to find it fast with our easy-to-use, state-of-the-art safes. They're the same safes found in top hotels around the world, and now they're available in your room. Because you should be enjoying the college experience, not freaking out about where you put your stuff.
